

CUDDLE HUG BLANKET

29" x 36"

Kit includes:

- 29X36" piece of double sided cuddle
- 7" strip of printed cuddle fabric for binding

This is a quick and easy baby blanket.

To make a quick and easy fit for the binding, round the corners of the blanket. Try using a saucer for a guide.

Cut your binding strip into three 2" strips. Cut the ends into an angle, and sew together as you would for bias strips. Apply the binding using a ½" seam; fold the *Cuddle fabric* around the edge and tuck under the extra, then top stitch down using a zigzag or serpentine stitch to finish.

You can refer to whencreativityknocks.com to find the shannon fabrics how to videos, click on the Episode Library tab and find the cuddle hug baby blanket video.
