Cuddle Puff Quilt

Cutting:

From each strip cut eight 6 1/2" squares. A total of 99 squares are needed for quilt.

From muslin cut 99 – 5 1/2" squares.

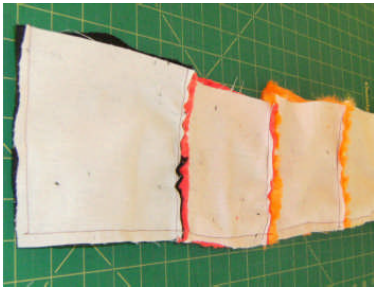

1: With wrong sides together, pin a cuddle square to a muslin square. There will be a 1/2" pleat in the Cuddle on all 4 sides.

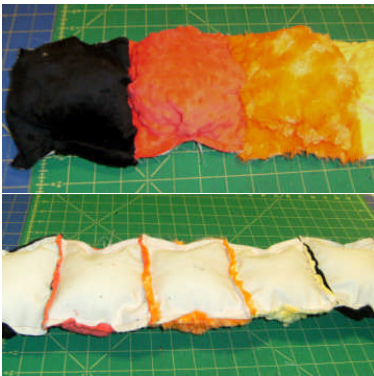

Pin ALL the squares for the quilt.

2: Using a 1/4" seam, stitch the pinned square on 3 sides only. Leave the fourth side open for stuffing. Stitch ALL the squares for your quilt. Arrange squares in eleven rows of nine squares each, placing colors in a pleasing arrangement.

3: Stitch the squares together in rows. Make sure the open sides are all facing the same direction.

4: Lightly stuff each puff. Pin the open side together with the pleat in the center and stitch the row closed. Stitch all the rows in this manner.

5: With right sides together, stitch the rows together to complete the quilt top. You may need to lightly smash the rows to make the stitching easier.

Cut backing fabric 4" larger than the top of the quilt—about 49" X 59".

Center the quilt top on the back. Pin quilt to backing, placing pins where the puffs join together. Using the yarn and a needle, tie a square knot at each puff intersection. Leave a 2" tail on the knot.

Finishing Options

Self-hemmed Edge:

Trim the backing to 1" larger than the top. Fold the quilt backing to the front, covering the stitching line. Zigzag in place.

Ruffle Edge:

Cut the ruffle fabric into 5 1/2" X width of fabric strips. You will need about 400" total length. (7 strips at 60" or 9 strips at 42")

Stitch the strips, end to end. Stitch the strip into a tube. Press in half with right side out and raw edges together. Gather the ruffle, pinning to fit around the quilt top. Stitch in place, raw edges together, without stitching through backing fabric.

Trim the quilt back 1/2" larger than the quilt top. On the back of the quilt, turn under the 1/2" and hand stitch in place, covering the ruffle seam.
