## Piecing Instructions and tips:

Using 3/8" - 1/2" (whichever you feel comfortable using) begin piecing together your blocks. Be sure to be consistent with your seams! The 10" square and 5"x10" rectangles will need to be trimmed when piecing to a 2 patch section of the block.

Use the image to the right as a guide for piecing your blocks.

Once you have pieced together your rows, use the layout to complete your quilt top using the Sew and Flip method (find the tutorial at [www.shannonfabrics.com](http://www.shannonfabrics.com)).

Begin with your middle row (3), add rows 2 and 4, and then add rows 1 and 5.

Once you have sewn all your rows to your backing, it's time to add the borders. From your solid fuchsia cuddle fabric, cut 4 strips at 6.5" by width of fabric.

Use the Sew and Flip method to add the side borders to the sides of your quilt. Next, add the top and bottom borders to your quilt. Once you are done adding your borders, you are ready to trim and bind your quilt! For binding, cut four 2" by width of fabric strips. Visit [www.shannonfabrics.com](http://www.shannonfabrics.com) for tips on binding your Cuddle quilt!
