Sew
Simple
Blanket

Sew Simple Blanket

Approximate Finished Size: 29" x 41"

Cutting Instructions:

Cut two 30" x 42" rectangles of coordinating Cuddle® fabrics
Cut three 1-3/4" x WOF strips of coordinating Luxe Cuddle® fabric

Tip: Lay your fabric out flat and draw the entire rectangle with a ballpoint pen, then cut with scissors or rotary cutter. This will make it easier to cut the fabric to the right size/shape.

Assembly Instructions:

1. Lay one piece of Cuddle® on table, wrong side up. Lay other piece on top of it, wrong sides together and matching raw edges.

2. Pin along edges and baste with a 4-5mm stitch around the entire blanket, using a 1/4" seam allowance OR use basting spray to adhere the wrong sides together instead.

3. Sew 1 3/4" strips of Luxe Cuddle® together with a diagonal seam, backstitching at both ends. Trim seam allowance to 1/2".

4. Sew the binding to the back, starting halfway down one side, leaving 6" to 8" tail. Use a 1/2" seam allowance.

5. Stop 1/2" from corner, needle down, lift presser foot and turn quilt to sew off the corner at a 45-degree angle (Figure 1). Clip threads.

6. Fold binding to create a mitered corner (Fig. 2). Sew from top outside

Figure 1

Figure 2

edge down, continuing around the blanket and repeating the miter at each corner.

7. Stop about 8" from starting point.

8. Join tails using your favorite method or try ours:

a. Lay binding tails flat on quilt, folding at 45-degree angles where the two meet (Fig. 3).

Mark where angles meet.

b. Sew along this line from top left corner to bottom right corner. Trim excess.

Figure 3

9. Lay binding along edge and stitch in place with a 1/2" seam allowance.

10. Flip blanket over and fold the binding so it fits tightly against the edge, matching raw edge of binding to stitching line. Hold in place with pins or fabric clips.

11. Top stitch from front of blanket, using a wide zig zag or serpentine stitch. Leave raw edge exposed, sewing so the needle comes down just left of the raw edge.

12. Use a stiletto to fluff the fibers out of topstitching to give a softer finish.
